

DEDICATED TO PROVIDING TANGIBLE VALUE

Founded in 1954, Cross Company is a 100% Employee Owned Company. The Automation Group specializes in motion control technologies to improve your machine and manufacturing process performance. We have a dedicated team of experts able to apply Electro-Mechanical, Pneumatic and Robotic solutions to solve your toughest applications.

— VALUE ADDED SERVICES —

Mechanical sub-assemblies, mechanical mounting (actuator mounting hardware, fittings and flow controls into working ports, magnetic switches mounted onto actuators), custom labels and kitting

TECHNOLOGY AND TRUSTED BRANDS
CYLINDERS AND LINEAR ACTUATORS

NFPA, ISO, round body, compact, rodless, slides, custom

ROBOTIC END OF ARM TOOLING

Grippers, Swivel units, Tool Changers, Vacuum pads

DIRECTIONAL CONTROL VALVES

Fieldbus manifolds, air logic, proportional, manual, fluid

numatics
SCHUNK
COMPACT
AUTOMATION PRODUCTS

SCHUNK
COVAL
vacuum managers
